BUSN7049

Corporate Financial Reporting

The course examines a selection of advanced financial reporting issues that are included, or under consideration for inclusion in, accounting standards applicable in Australia. It provides an advanced description of the corporate reporting environment and its challenges, and examines the political and international pressures shaping the standard setting process in Australia. It also addresses the objectives and social and economic roles played by financial accounting and reporting. The course further examines accounting and disclosure issues pertaining to fair value measurement, financial instruments, share-based payments, foreign currency translation, segment reporting, specific industries, external administration and advanced topics relating to equity interests. Technical and theoretical aspects are considered.

Course URL  http://programsandcourses.anu.edu.au/2017/course/BUSN7049
Mode of Delivery  On campus
Prerequisites  To enrol in this course you must have completed BUSN7050
Co-taught Courses  Students from BUSN7049 and BUSN3008 attend the same lecture in this course. However, there are differences with respect to assessment items, specifically the assignments, and separate tutorials are held for the two student cohorts

SEMESTER 1

2017
COURSE OVERVIEW

Learning Outcomes

Upon successful completion of the requirements for this course, students will be able to:

- **Learning Outcome 1:** Understand the Australian external reporting environment and its challenges.
- **Learning Outcome 2:** Develop their understanding of the objectives and social and economic roles played by financial accounting and reporting.
- **Learning Outcome 3:** Understand and critically evaluate various advanced measurement and disclosure issues and other specialised topics pertaining to an economic entity.
- **Learning Outcome 4:** Develop the knowledge and ability to apply main features of a selection of Australian accounting standards.
- **Learning Outcome 5:** Develop the ability to analyse complex issues, to formulate well reasoned and coherent arguments and to reach well considered conclusions.

Assessment Summary

<td>Mid Semester Examination</td>
<td>20%</td>
<td>Week 6</td>
</tr>
<tr>
<td>4</td>
<td>Final Examination</td>
<td>50%</td>
<td>During the College examination period in June</td>
</tr>
</tbody>
</table>

All components of the above assessment are compulsory and must be submitted.

Research-Led Teaching

Students will be exposed to research ideas and be involved in discussions of research in the area of financial reporting requirements. As part of the requirements for the group assignment, students will need to demonstrate their research skills by analysing issues relevant to the topics covered in the course. Assistance will be provided throughout to ensure proper development of research skills.

Continuous Improvement

We use feedback from students, professional bodies and staff to make regular improvements to the course every semester.

Feedback

Staff Feedback

Students will be given feedback in various ways in this course, including verbal or written feedback on the return of assessment tasks, during class discussion, or during consultation with lecturers and tutors.
Student Feedback

ANU is committed to the demonstration of educational excellence and regularly seeks feedback from students. One of the key formal ways students have to provide feedback is through Student Experience of Learning Support (SELS) surveys. The feedback given in these surveys is anonymous and provides the Colleges, University Education Committee and Academic Board with opportunities to recognise excellent teaching, and opportunities for improvement.

For more information on student surveys at ANU and reports on the feedback provided on ANU courses, go to:

http://unistats.anu.edu.au/surveys/selt/students/ and
http://unistats.anu.edu.au/surveys/selt/results/learning/

Policies

ANU has educational policies, procedures and guidelines, which are designed to ensure that staff and students are aware of the University’s academic standards, and implement them. You can find the University’s education policies and an explanatory glossary at: http://policies.anu.edu.au/

Students are expected to have read the Academic Misconduct Rule before the commencement of their course.

Other key policies include:

- Student Assessment (Coursework) Policy
- Student Assessment (Coursework) Procedure
- Student Surveys and Evaluations
- Copyright (http://copyright.anu.edu.au/)

Examination material or equipment

Details regarding materials and equipment that is permitted in an examination room can be found on the ANU website:

http://www.anu.edu.au/students/program-administration/assessments-exams/examination-conduct

Information regarding permitted examination materials for the course will be available on the examination timetable website when the examination timetable is released:

http://timetable.anu.edu.au/

</tbody>
</table>

- Additional supplementary readings may be provided on Topics 3 to 11.
READING LISTS

Prescribed Texts

A small number of the book will also be available for loan at the Chifley Library.

Supplementary Reading Materials

Supplementary reading materials on various topics will be provided in Wattle as required.

Recommended Reading

(Alternatively, access to Australian Accounting Standards Board through the AASB website: [http://www.aasb.gov.au](http://www.aasb.gov.au))

ASSESSMENT REQUIREMENTS

The ANU is using Turnitin to enhance student citation and referencing techniques, and to assess assignment submissions as a component of the University’s approach to managing Academic Integrity. For additional information regarding Turnitin please visit the ANU Online website.

Students may choose not to submit assessment items through Turnitin. In this instance you will be required to submit, alongside the assessment item itself, copies of all references included in the assessment item.

Learning Outcomes-Assessment

How well have you achieved the learning outcomes for this course? Your lecturer makes this judgement based on your assignments and examination papers. This table illustrates how each assessment item provides evidence about your achievements against each learning outcome.
### Course Learning Outcomes

Upon successful completion of the requirements for this course, students will be able to:

<table>

---

**Assessment Tasks**

**Assessment 1:** Tutorial preparation and participation

**Value and Weighting:** 10 %

The greatest benefit from lectures is obtained by reading the relevant material in advance of attending the lectures and participating in discussion during tutorials.

Students are required to prepare the relevant set of questions in advance of attending tutorials and come to tutorials prepared to discuss the issues involved, and any difficulties encountered in responding to the set questions and areas where they are in need of clarification.

It is expected that students will attend ALL lectures and tutorials scheduled for the course. As part of your assessment, a participation mark is included for critical in-class (tutorial) discussion. The participation mark is for PARTICIPATION and CONTRIBUTION TO THE DISCUSSION IN TUTORIALS, not for mere attendance. Of course, you cannot participate if you are not in attendance. If you attend all tutorials but do not contribute to the majority of tutorials, do not expect to pass this part of the assessment.
Assessment Item 2: Assignment and Class Presentation

Details of task:

<table>
<thead>
<tr>
<th>Due Date</th>
<th>Wednesday 4pm of the week prior to the week of presentation (Please see the course schedule)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Value or Weighting (%)</td>
<td>20%</td>
</tr>
<tr>
<td>Suggested Length</td>
<td>Approximately 20 pages, double-line spacing</td>
</tr>
<tr>
<td>Instructions</td>
<td>Each student will prepare and present a research paper prepared on a group basis on major issues in financial accounting and reporting. The preparation of the paper will involve extensive reading. It is expected to be well-researched and properly prepared. The paper will be presented by the group members in one of the tutorial classes. You will need to provide a copy of your paper (or a summary of major points) to each student in your tutorial classes. Students are encouraged to discuss issues relating to the paper with the lecturer or tutor prior to its preparation and submission. Each student is only required to submit one group paper and present once during the semester.</td>
</tr>
<tr>
<td>Purpose</td>
<td>This assignment aims to provide you with an opportunity to apply theoretical aspects of financial accounting/reporting to a practical case and develop your ability to analyse an issue critically and systematically.</td>
</tr>
<tr>
<td>Further details</td>
<td>Further details of assignment and presentation requirements will be provided during the semester.</td>
</tr>
</tbody>
</table>

Assignment submission

Online submission: Assignments are submitted using Turnitin in the course Wattle site. You will be required to electronically sign a declaration as part of the submission of your assignment. Please keep a copy of the assignment for your records.

Extensions and penalties

Extensions and late submission of assessment pieces are covered by the Student Assessment (Coursework) Policy and Procedure.

The Course Convener may grant extensions for assessment pieces that are not examinations or take-home examinations. If you need an extension, you must request it in writing on or before the due date. If you have documented and appropriate medical evidence that demonstrates you were not able to request an extension on or before the due date, you may be able to request it after the due date.

Late submission of assessment tasks without an extension are penalised at the rate of 5% of the possible marks available per working day or part thereof. Late submission of assessment tasks is not accepted after 10 working days after the due date, or on or after the date specified in the course outline for the return of the assessment item.

Returning assignments

During teaching periods assignments will be handed back in tutorials, if necessary. At the end of the semester students should follow the tutor’s instructions regarding the collection of outstanding
assignments. Please note assignments that have not been collected will be securely destroyed by the school office after the end of the semester.

Students should keep returned marked assignments until final results for the semester are posted. Queries concerning the awarded mark can only be resolved with the original assignments.

**RESUBMISSION OF ASSIGNMENTS**

Resubmission of assignments is not permitted in this course.

**REFERENCING REQUIREMENTS**

You should provide *appropriate referencing* where you use or discuss ideas from other authors’ works. You should also provide a list of references at the end of your assignment.

Use a *consistent* system of referencing throughout the assignment. The Harvard referencing system is the common referencing style used in the accounting discipline (a link to referencing guides is provided on the course website or from the ANU Academic Skills and Learning Centre website).

**EXAMINATIONS**

**Mid-semester Examination**

The mid-semester examination will be held in Week 6, covering up to Topic 4 (see topics and topic numbers in the COURSE SCHEDULE). This examination is closed book. The date, time and venue will be confirmed in due course.

**Final Examination**

The final examination will be a three hour closed book paper during the examination period held in June. The scope of the final examination will be the whole semester’s syllabus, but the emphasis will be mainly on topics from Topic 5 to the conclusion of the course. It is important that you are available to attend the final examination. Absence from any required examination may result in failure of the course.

Given the weighting of the assessments, you are strongly advised to plan a study programme as soon as possible. This will assist you in keeping abreast with the course and workload as well as with revision towards the end of the semester.

**Scaling**

Your final mark for the course will be based on the *raw* marks allocated for each of your assessment items. However, your final mark may not be the same number as produced by that formula, as marks may be *scaled*. Any scaling applied will preserve the rank order of raw marks (i.e. if your raw mark exceeds that of another student, then your scaled mark will exceed the scaled mark of that student), and may be either up or down.

**Privacy Notice**

The ANU has made a number of third party, online, databases available for students to use. Use of each online database is conditional on student end users first agreeing to the database licensor’s terms of service and/or privacy policy. Students should read these carefully.
In some cases student end users will be required to register an account with the database licensor and submit personal information, including their: first name; last name; ANU email address; and other information.

In cases where student end users are asked to submit ‘content’ to a database, such as an assignment or short answers, the database licensor may only use the student’s ‘content’ in accordance with the terms of service – including any (copyright) licence the student grants to the database licensor.

Any personal information or content a student submits may be stored by the licensor, potentially offshore, and will be used to process the database service in accordance with the licensors terms of service and/or privacy policy.

If any student chooses not to agree to the database licensor’s terms of service or privacy policy, the student will not be able to access and use the database. In these circumstances students should contact their lecturer to enquire about alternative arrangements that are available.

**TUTORIAL / SEMINAR REGISTRATION**

Tutorial signup for this course will be done via the Wattle website. Detailed information about signup times will be provided on Wattle and during your first lecture. When tutorials are available for enrolment, follow these steps:

1. Log on to Wattle, and go to the course site.
2. Click on the link “Tutorial signup here”
3. On the right of the screen, click on the tab “Become Member of ……” for the tutorial class you wish to enter.
4. Confirm your choice

If you need to change your enrolment, you will be able to do so by clicking on the tab “Leave group...” and then re-enrol in another group. You will not be able to enrol in groups that have reached their maximum number. Please note that enrolment in ISIS must be finalised for you to have access to Wattle.

**COMMUNICATION**

**Email and Forums on the Wattle Course Website**

Email and the Wattle course website are the preferred ways of communication. Student forums are set up on Wattle for each topic and can be viewed by all enrolled students and teaching staff. Students are encouraged to post any questions they have in the appropriate forum.

If necessary, the lecturer and tutors for this course will contact students on their official ANU student email address. Students should use this email address when contacting staff as spam filters used by ANU may not allow other email addresses to be received. Information about your enrolment and fees from the Registrar and Student Services’ office will also be sent to this email address.
Announcements

Students are expected to check the Wattle site for announcements about this course, e.g. changes to timetables or notifications of cancellations. Notifications of emergency cancellations of lectures or tutorials will be posted on the door of the relevant room.

SUPPORT FOR STUDENTS

The University offers a number of support services for students. Information on these is available online from http://students.anu.edu.au/studentlife/
