The ANU College of Business and Economics (CBE) is committed to a culture of academic excellence.

By engaging with our world-class academic staff, who are some of the world's best researchers and leaders in their fields, and through the many opportunities and connections available to you during your time at CBE, you will be equipped to realise your potential.

Our alumni display a depth of character and high calibre that we have come to associate with those who study at and graduate from CBE. They make significant contributions to their professions and societies across the globe.

We invite you to join our community.

Real-world skills

Studying at CBE provides you with skills and attributes that will remain relevant and keep you competitive in the evolving job market.

CBE Careers

CBE students and alumni have access to an innovative and engaged CBE Careers team. Our Career Consultants are available by appointment, and can help you navigate the professional landscape and achieve employment success. Career workshops and employer and industry events that provide practical assistance in areas such as career planning, job search strategies, professional skills and networking are also on offer.

cbe.anu.edu.au/current-students/opportunities-and-careers/cbe-careers

MomentuM

Exceed employer expectations with the MomentuM professional development and mentor program. Through practical and theoretical opportunities, and with the guidance of their assigned mentor, students build and develop industry-identified key skills and attributes. MomentuM incorporates learning milestones, workshops and events to develop confident, work-ready and competitive graduates.

cbe.anu.edu.au/study/cbe-momentum-program

CBE GLOBE International Internship Program

Gain real-world professional experience in the global market. The GLOBE internship program places students in not-for-credit internships across key locations around the globe over the Australian summer. Interns, with support from and collaboration with professional colleagues and a supervisor, will work from the host organisations' offices, gaining valuable exposure to their professional environment.

cbe.anu.edu.au/study/cbe-globe-internship-program

CBE Internship Program

Take an internship with the award-winning CBE Internship Program. The internship program gives students an opportunity to undertake an internship in either Semester 1 or Semester 2 as an elective for course credit. Each internship is a project-based arrangement, which the intern will complete under the guidance of a workplace supervisor, as well an academic supervisor.

- » Applied Statistics
- » Probability and Stochastic Processes
- » Statistical Data Analytics
- » Theoretical Statistics

For entry requirements, prerequisites, fees and study plans visit programsandcourses.anu.edu.au/program/bstat

Academic plan	UAC code	CRICOS code	Duration	Intake
BSTAT	134200	061240A	Three years full-time	February and July

Degrees offered by CBE are accredited by a number of independent organisations. For further information about accreditation visit cbe.anu.edu.au/about/professional-organisations-accreditation

Flexible Double Degrees™

Flexible Double Degrees™ have increased the range of options for undergraduate students so you can create a program of study to suit your needs and interests.

When applying, you choose the group from the table below that includes the programs in which you are interested. Subject to the entry requirements and any prerequisites of individual programs, you will then be able to choose any combination of programs from within your chosen group when you accept your offer.

The entry requirement for any Flexible Double Degree™ will be the same as the higher of the two individual degree programs.

Arts, Social Sciences, Business or Science

Four years full-time

Combine any two of the following programs

Bachelor of

Accounting²
Actuarial Studies⁴
Applied Data Analytics
Archaeological Practice
Art History and Curatorship
Arts
Asian Studies
Biotechnology^{4,5}
Business Administration
Classical Studies
Commerce^{2,3}
Criminology
Design
Development Studies
Economics
Environment and Sustainability
European Studies
Finance³
Genetics^{4,5}
Information Technology⁴
International Relations
International Security Studies
Languages
Mathematical Sciences⁴
Medical Science^{4,5}
Middle Eastern and Central Asian Studies
Music¹
Pacific Studies
Political Science
Politics, Philosophy and Economics
Public Policy
Science
Science (Psychology)
Statistics⁴
Visual Arts

Law

Five years full-time

Choose

Bachelor of
Laws (Hons)

and combine with one of the following programs

Accounting
Actuarial Studies⁴
Applied Data Analytics
Archaeological Practice
Art History and Curatorship
Arts
Asian Studies
Biotechnology⁴
Business Administration
Classical Studies
Commerce
Criminology
Design
Development Studies
Economics
Environment and Sustainability

Political Science⁶
Politics, Philosophy and Economics⁶
Public Policy⁶
Science
Science (Psychology)
Statistics⁴
Visual Arts⁶

1 Entrance to performance courses are by audition. Email schoolofmusic@anu.edu.au for more information.

2 Commerce with an Accounting major cannot be combined with Bachelor of Accounting.

3 Commerce with a Finance major cannot be combined with Bachelor of Finance.

4 Program includes another prerequisite in addition to minimum selection rank.

5 The degrees of Biotechnology, Genetics and Medical Science cannot be combined with one another. The degrees of Advanced Computing and Software Engineering cannot be combined with Information Technology.

6 The Bachelor of Engineering (R&D) (Hons) cannot be combined with any of these degrees.

Flexible Vertical Double Degrees

Expand your career options and graduate with two qualifications.

In a Flexible Vertical Double Degree (FVDD) program, you can combine a bachelor degree and a master degree from related disciplines for depth of knowledge and specialist skills; or combine degrees from different disciplines for breadth of knowledge and transferable skills.

These programs offer time and cost savings when compared with studying a bachelor degree and a master degree separately. For more information, visit anu.edu.au/fvdd.

Step 1

Choose ANU

- > If you're interested in studying an FVDD program at ANU, then you should identify the FVDD group that meets your interests, strengths and career goals.
- > Select your eligible bachelor degree from your preferred group.
- > Choose ANU and apply for your eligible bachelor degree through the Universities Admissions Centre (UAC) at uac.edu.au.

Step 2

Opt in

- > Receive your offer from UAC to study your eligible bachelor degree at ANU.
- > Accept your offer via the ANU website—there will be instructions in your offer letter.
- > Opt in to your FVDD program straight after you enrol, or up until you have completed 72 units of study—it's up to you.

Step 3

Transition

- > Plan your study program at programsandcourses.anu.edu.au. Our program advisors can help you ensure your choices will allow you to transition into the master component of your program later on.
- > Start taking master's courses at 96 units by achieving the required grade point average (GPA).
- > Transition to your master degree at 144 units by maintaining the required GPA during your eligible bachelor degree.

International

If you are an international student applying directly to ANU, you will select your bachelor and master degree on application to ensure you receive an offer package to meet electronic confirmation of enrolment and visa requirements.

Business, Humanities and Social Sciences

Putting it all together

The courses you take will depend on the structure of your program and any majors or areas of specialisation you choose to focus on during your studies at ANU.

Major An area within a program that allows in-depth study in a particular field. A major usually consists of a set number of related courses. Majors at ANU require 48 units (eight courses).

Minor A minor has fewer requirements to fulfil than a major, in terms of units and compulsory courses. Minors at ANU require 24 units (four courses).

Specialisation Similar to minors, specialisations are areas of study with their own courses that can be taken in conjunction with a specific related major.

Elective An optional area of study selected in addition to the core courses of the program. Electives may allow you to delve more deeply into an area of study, or focus on an alternative area of interest that you may have. Many people will use electives to complete an additional major or minor.

Course An area of study usually of one semester in length. Example: STAT1003 Statistical Techniques.

Unit An indicator of the value of a course—most courses are valued at six units.

Scholarships

CBE is committed to supporting talented students and offers a number of college specific scholarships available to both domestic and international students.

There are a wide range of scholarships offered by the college for undergraduate students. For more information about these scholarships, visit the college's scholarships webpage: cbe.anu.edu.au/study/scholarships

There are also many ANU-wide scholarships on offer. For more information about university-administered awards, visit the ANU scholarships page at: anu.edu.au/study/scholarships
