Unspecified credit	1st year undergraduate elective	Management Information Systems

Important notes:

1. If a student is granted credit for previous studies, it will reduce the number of courses (units) required in the selected degree program at ANU. Any credit received will impact upon the choice of courses available to students studying at ANU.
2. It is the responsibility of the student to check when specific courses are offered at the ANU and to change their program study plan accordingly. More details can be found here: programandcourses.anu.edu.au
3. It is strongly recommended that students attend Orientation Week or meet with an academic adviser to confirm their program study plan when commencing their studies at the ANU.
4. The above arrangements are correct as at June 2017 for a period of three years and are subject to change.
5. Students must achieve a GPA 3.2/4.0, where 2.0/4.0 is a pass, in order to be eligible for admission and up to one year of credit.
6. A minimum grade of GPA 2.75/4.0 or above is required per course for credit to be granted. If a student does not meet this entry requirement for a course, they will not receive credit for that particular course.
7. A maximum of **8 courses** or **48 units of credit** will be granted towards the ANU program.
8. Students who have previously failed a course will need to achieve at least a GPA 3.5/4.0 or above when re-sitting that previously failed course in order for that course to be considered for credit towards their specified ANU program.
9. Each application for credit transfer will be assessed on an individual basis and the College will make the final decision.

* Note: This information is provided for your information only - you may not rely on it and must make your own enquiries about the rules that apply at the time you wish to make the credit transfer.

“ ANU has always been consistent in their ranking in the region and for producing world-class graduates. ANU equips student not only with academic knowledge, but also essential exposure to industry environments that provide a deeper level of engagement with your learning experience. ”

Nicholas Chen

Former Ngee Ann student

ANU Bachelor of Business Administration student

President of the ANU Singaporean Students' Association 2017
